

911 ALARM™

Your Neighborhood Watch Alarm

Patented

Design Features

- > Flashing light and audio alarms
- > Retracted into ceiling mount when not in use
- > Activation relays signal to connected alarm system and monitoring station
- > Battery operation with option for hardwired power
- > Durable construction – indoor and outdoor units
- > 3 standard sizes
- > 3 light colors available – red, amber and green

Connects To

- > Standard motion activated systems
- > Smoke detection systems
- > Closed Circuit TV (CCTV) systems
- > Monitoring stations

Design Advantages

- > Immediately notifies neighbors and passersby to call 911 – or signals attendants to give assistance
- > Decreases police and medic reaction time to help save lives – saves seconds lost looking for the right address
- > Scares off thieves and robbers
- > Reduces insurance rates for residential and commercial establishments
- > Reduces reliance on telephone to call for assistance – get help from those closest to you
- > Easy to use and install
- > Ideal for many residential and commercial applications

For Use By

- > Homeowners
- > Apartment Managers
- > Business Owners
- > Security Firms
- > Recording Studios
- > Retirement Homes, Hospices
- > Hospitals
- > Prisons

- > *Light retracts when not in use*
- > *Remote controls and battery power for wireless installation and activation*
